## **Why You Were Born** Charles Pope

This story is my personal story after reading hundreds of books over a span of nearly 40 years to sort out the questions people create about life. We have no choice in the fact we are born and are alive! What I discover changes my concept of life, death, and the "here after"! You will begin to see this is a life of living, learning, and accumulated experiences by a design including our eventual death! Whether by accident, war, murder, suicide, disease, or old age, we will die! We are near the end of 6,000 years of mankind's records of living and learning from life's experiences as time marches on. There is a reason why mankind and nations have a history. This book is a straight forward presentation of history and science using the bible as a timeline guide creating the answer; for why you were born?
