WHITE JADE spins a web of deceit and murder across the globe against the backdrop of a deadly international power game. Nick Carter works for the PROJECT, a covert intelligence unit reporting to the President. Selena Connor is a world famous expert in ancient languages. When her wealthy uncle is murdered by someone looking for a 2000 year old book about the elixir of immortality, she's thrown into Nick's dangerous world. Someone is determined to take over China and attack America--and Nick and Selena are right in the line of fire.

It's the beginning of a life and death adventure that leads to the discovery of an ancient secret hidden in the high mountains of Tibet. International intrigue, terrorist acts and the threat of nuclear war form the core of this fast-paced thriller, the first volume in a series featuring Nick, Selena and the PROJECT.
