Call me B: A Hopeful View of History and the Revolution William Bryant

According to the author: "This is not exactly a book about history, or about teaching and learning methodologies, or educational theory and practice, or museum operations, or politics or revolution or the future. It's about all of these things, and more, because it's a book about people . . . It is supposedly about my experiences as a museum tour guide, but is really about what more than six decades of studying history with a purpose have taught me.
