## **Developing Global Health Programming: A Guidebook for Medical and Professional Schools, Second Edition** Jessica Evert

Developing Global Health Programming: A Guidebook for Medical and Professional Schools, 2nd edition is an essential text for any academic institution, administrator, faculty, or student interested in developing or expanding global health education and international programs. This text expands on the 1st edition and provides a comprehensive view of global health education that is useful for medical, nursing, dental, public health, and other professional schools. This book provides evidence, theory, and practical information to guide astute program development and gold standard practices. Topics covered include ethics, pre-departure training, competencies, partnership structures, and much more. In addition, need-to-know resources and networking opportunities are detailed. This authoritative text has over 90 contributors, including trainee authors guided by faculty editors through a mentorship model. Foreword by Andre Jacques Neusy, Co-Founder & Ceo, Training for Health Equity Network (Thenet)
