The Martian; A Novel: With Illus, By the Author (Classic Reprint) Du Maurier

He has been so written about, so talked about, so riddled with praise or blame, that, to those who have never seen him in the flesh, he has become almost a tradition, a myth and one runs the risk of losing all clue to his real personality. This is especially the case with the subject of this biography one is in danger of forgetting what manner of man he was who has so taught and touched and charmed and amused us, and so happily changed for us the current of our lives. He has been idealized as an angel, a saint, and a demigod ;he has been caricatured as a self-indulgent sensualist, a vulgar Lothario, a buffoon, a joker of practical jokes. He was in reality the simplest, the most affectionate, and most good-natured of men, the very soul of honor, the best of husbands and fathers and friends, the most fascinating companion that ever lived, and one who kept to the last the freshness and joyous spirits of a schoolboy and the heart of a child ;one who never said or did an unkind thing; probably never even thought one.
