**More Simple Science Fair Projects: Grades 3-5 (Scientific American Science Fair Projects)** Salvatore Tocci

This new series uses everyday objects (kitchen utensils, doorbells), familiar critters (ants!), and readily available substances (air and water), to create winning science fair projects for upper elementary and middle-school kids. Each title includes step-by-step instructions that enable kids to create their own independent science fair projects, as well as the underlying scientific concept learned during the experiment. This series meets national science education standards.
