The Kindled Footpath: stories Lukas Eberhard

Hollis Grant is a young, not formally educated scriptwriter, who has to fix the script for a monster film just three weeks after being hired. Finding himself in a strange, new world, that he always wanted to be a part of, he is struggling with various restrictions that hamper his efforts and he wonders whether this is the shiny world that he had been dreaming about before becoming a part of it himself. An aspiring artist is trying to find a way to make a living with his paintings, but has to learn that there is no place for him back home, so he travels abroad, to China, soon making money, but not with his own art. Burt, an aimless drifter, does not know what he wants from life, until he has an epiphany staring out at Vancouver Island in the fog. These short stories embody snippets out of different lives, lived by diverse people, with hopes and fears, attempting to chase their dreams, or merely to make ends meet.
