*Dogma's Primrose Path* addresses how the perpetual presence of ignorance, poverty, and war throughout the world is accepted by most people as an inevitable consequence of human life given man's incurably evil, greedy, and violent nature. John L. Martinez argues that this almost universal acceptance is itself a dogmatically learned and programmed condition. This book suggests that human beings need to discard their dogmatic straightjackets and begin to thrive upon reason, logic, perception, and experience in order to live together fruitfully and peaceably.
