Everything You Always Wanted to Know About 666, but Were Afraid to Ask John Hogue
six six SEX!!!

Okay, now that I have your attention, I want to present to you this little eBook about a number commingling three naughty little digits.

666 has fascinated, terrified and obsessed New Testament prophets, bible bashers, old-time religious end timers, and a pope-pourri of pontiffs for two thousand years. It's been the Voldemort of numbers—that which cannot be named in decent company—from the Holy Land all the way to Hollywood. Arnold Schwarzenegger on the eve of the millennium's turning got his glocks off, sick-six-sexy with the purported number of the Beast of Revelation in his film *End of Days*.

I also yelled SEX in print because it's time to lighten up about this trio of sixes. They get in a lot of trouble and unfairly stand alone for the most demonic number in the world, even though they have company.

666 isn't the only number of the Beast out there. The oldest surviving fragment of St. John's Book of Revelation, found in Egypt in the 1990s, proves there's more than one number upping the Anti-Christ, applying the numerical values of Greek and Hebrew letters to spell out the name of the Beast in The Book of Revelation, Chapter 13—Friday the Thirteenth, Jason style.

The title of my book is both outright and an outrageous homage to that other sinful number we all think about, but are too afraid to ask on a date—sex. A study out of Ohio State University from 2013 calculates that men think about sex once every 1.26 hours—that is 19 devilishly horn-doggie thoughts a day. Women think of food far more often, clocking “incubus my succubus, buster” ruminations only 10 times a day.

No one knows how often Christians think about 666, but I digress...

David R. Reuben came up with a brilliant idea in 1969 to author an enlightening and entertaining book called *Everything You Always Wanted to Know About Sex, but Were Afraid to Ask*. Then Woody Allen immortalized it in the hilarious film by the same name released in 1972.

Now, I'm not trying to pull Woody away from blowing his clarinet with the boys at the Cafe Carlyle on Mondays to make us a Sunday School feature film. All seriousness aside, I do think it's high, holy time all of us with an interest in comparative prophecy study “get down,” grin, and bare all the things we're afraid to ask about 666.

So reach out and touch some Kindle Reader and enjoy a quickie—I mean, read this quick and informative, funny eBook all about those devil-made-me-do-it-digits.

“I have known John Hogue for fifteen years, during which time he has appeared on my radio program many, many times. Every year, he predicts on the program in the first quarter and we ‘hold his feet to the fire’ during the summer. And every year, he proves to be fireproof. He's accurate. Uncannily accurate.”

—Whitley Strieber, author of “Communion” and “The Coming Global Superstorm” with Art Bell

John Hogue is author of 600 articles and 34 published books (1,170,000 copies sold) spanning 20 languages. He has predicted the winner of every US Presidential Election since 1968, giving him a remarkable 12 and 0 batting average. Hogue is a world-renowned expert on the prophecies of Nostradamus and other prophetic traditions. He claims to focus on interpreting the world’s ancient-to-modern prophets and prophecies with fresh eyes, seeking to connect readers with the shared and collective visions of terror, wonder and revelation about the future in a conversational narrative style. Hogue says the future is a temporal echo of actions initiated today. He strives to take readers “back to the present” empowering them to create a better destiny through accessing the untapped potentials of free will and meditation.
