The Nuclear Waste Administration Act Committee on Energy and Natural Resources United States Senate
The committee meets this morning to consider S. 3469, the Nuclear Waste Administration Act of 2012. S. 3469 is intended to implement the recommendations of the Blue Ribbon Commission that Secretary Chu appointed to review the nuclear waste program. The Blue Ribbon Commission issued its final report in January. Now there may be little that is actually truly new in the proposals that came out of the Blue Ribbon Commission. But I am optimistic that the report has ignited a heightened sense of urgency and renewed focus on these issues. As the Commission's report notes the government's failure to address our nuclear waste issues is damaging to the development of future nuclear power and simultaneously worsening our Nation's financial situation.
