The Mind of the Paedophile: Psychoanalytic Perspectives (Forensic Psychotherapy Monograph Series)

The Mind of the Paedophile: Psychoanalytic Perspectives (Forensic Psychotherapy Monograph Series)

The latest volume in the Forensic Psychotherapy Series discusses one of the most controversial, taboo, and misunderstood subjects in the psychoanalytic arena today -- pedophilia. A variety of treatments and therapies, including brain surgery, electric shock treatment and incarceration, have not succeeded in treating this condition. In this volume, a range of eminent and expert professionals go further: into the mind of the pedophile, using dream interpretation, free association, fantasies and memories, in a bid to comprehend the exact nature; the how, when and why, of pedophilia.

Contributors include Wilfred Abse, William Greer, Daniel P. Juda, Brett Kahr, Loretta R. Loeb, C.W. Socarides, Vamik D. Volkan
