Do Women Really Cheat?

Oh yes—women cheat just as much as men do in relationships. Although it's not right for a woman or a man to cheat—this book has some important reasons and facts on why women cheat, what she desires from a relationship and gives some great advice on how men can satisfy their women. The contents in this book are for both women and men to read, people of any race—even for people that have never cheated before. This book has some interesting chapters such as “The Sex Game,” “Mental and Physical Abuse,” and “Don't Lie Be Loyal.” The situations and scenarios in this book are based on what I've been told from cheating women themselves and my own personal experiences. Enjoy!
