The third trilogy in the hit Ark Royal series begins now!

HMS *Vanguard* is the most powerful battleship ever to be commissioned by the Royal Navy, but she is not a happy ship. Her commanding officer is eccentric, rarely seen on the bridge; her former XO has deserted his post; and her first midy is resentful because he hasn't been promoted as he deserves....

But when a first contact mission goes badly wrong, HMS *Vanguard* and her crew are plunged into an interstellar war against a new and deadly alien threat. And if they don't make it back to friendly space in time, they will merely be the first to die in a new interstellar war.
