Warriors From The Ashes (Geotechnical Special Publication) William Johnstone

Under the command of Ben Raines, the Southern United States have defeated all comers -- and carved out a stronghold in the Southwest desert. But now, two powerful forces are crashing in against the rebels from the North and the South, and Raines has no choice but to strike back with everything he's got. In a firestorm of bullets, bombs, and a new generation of horrifying tactical weapons, one small army must stand against two enemies...and the odds are just about even.
