**Political Action Follows Political Philosophy: More Dispatches From the History of the Future** Dr. Robert Owens

The vast majority of human action reflects the thoughts, beliefs, and feelings of the actor. There have always been and there will always be those whose actions are erratic or divorced from reality. The actions of this small minority are best ascribed to pathology not philosophy. For the rest of us, we think therefore we are. What we think about today we act upon tomorrow. The Dispatches from the History of the Future contained in this book convey the basic political philosophy which I believe will one day re-inspire our nation to stride upon the stage of History with another round of liberating political action. Dr. Robert Owens is a College Professor/Administrator and the author of a widely published weekly opinion column, The History of the Future, which can be viewed at drobertowens.com. He is also a retired house painter, a former pastor, a musician and a composer. He holds an Associate Degree in Biblical Studies, a Bachelor Degree in Religious Education, a Bachelor Degree in History, a Master's Degree in Religious Education, a Master's Degree in History, and a Ph. D. in Organizational Leadership. Dr. Owens teaches History, Political Science, Religion, and Leadership.
