Bought and Trained (The Institute Series Book 1) Emily Tilton

Desperate to be dominated, twenty-five-year-old Rose signs up for a concubine training program and agrees to have her memory of consenting erased, allowing her to experience being forced to explore her fantasies of complete and utter submission.

Leo, a skilled case-agent for the program, captures Rose and puts her through a strict training regimen, in which her body is no longer her own but instead is Leo's to command. He brings her to the Institute where she meets her training partner, Hannah, and also meets other men who she learns to call "Master". During her time at the Institute, Rose is taught that obedience is not optional and that defiance will result in ever more humiliating punishments.

Once their training is complete, Rose and Hannah are purchased by a master and mistress and are brought back to the couple's villa in the Caribbean. The girls thrive in their new roles, but when a traumatic experience causes Rose's memory of her consent to come flooding back, will her realization that she wanted all of this from the beginning bring everything crashing down?
