Profitable Set-ups for Volatile Markets

Learn how to make the most of today's volatile markets with the help of John Carter, commodity trading adviser with TradeTheMarkets.com and author of the bestselling book *Mastering the Trade*. Using a variety of indicators, Carter offers detailed exit strategies so you can keep the profits you worked so hard to find. Combined with his expert advice on market psychology, these techniques will put you well ahead of the curve.

With years of experience and real-world examples, Carter's course will show you:

- How to use heikin-ashi bars and candlestick patterns to identify exits in volatile markets
- Why Fibonacci extensions are powerful for predicting new highs and new lows
- How to accumulate positions in quiet markets to maximize moves
- The relationship between Bollinger bands and Keltner channels, and how to interpret them
- How to use the RSI to find trendbreaks and exponential moving averages to establish retracements

The setups in Carter's course are designed to help you develop the skills necessary to profit from highly volatile markets. Learning to interpret these indicators and recognize big moves will give you opportunity after opportunity to profit. After that, all you have to do is take them!
