The Little Boy Who Knew Everything - a Grim Fairy Tale for Adults

Once upon a time but not so long ago there was a little boy who thought he knew everything. What makes this story unusual, however, is that the little boy did know everything. He was just born that way.

You might expect the people around him to be happy there was someone who knew everything to help them solve their problems and learn new things from but that didn't happen. Instead, they became immensely annoyed for who wants to be around someone who thinks he knows everything even if he does know everything correcting everyone's mistakes and making them feel stupid?

Nobody.
