We, King Henry VIII Part 1 S. Joy P.

Henry VIII of England seeks his way home – into the arms of his long-lost lover

On the 27th of January, 1547 AD, at eleven o'clock at night, Henry VIII is mere three hours from his death. On his deathbed, he only pines to behold his true love for one more time. To catch but a glimpse of Adhamh's face – that he desires above all things. For his whole life fearful of God, he would now give his mind, body, and soul to the Devil if the Dark Lord promised him but one moment with his lost lover. Only his heart Henry could not give, for Adhamh has it in his keeping. It has always been so, from the day they met. And there the story of their star-crossed love truly begins.

In the hot August of the year 1521 AD, England lazily revels in its still young King Henry VIII, the most accomplished and the handsomest monarch of the Christendom. For whole the world, Henry plays the King who lacks nothing, and who fears nobody save God. Deep inside, he is a man tormented by dark secrets shrouding his marriage, tortured by fears for the fate of his dynasty. His summer morning is not filled with idle delight; it brims with barely concealed terrors – until the moment when God sends him a sign: a wolf trapped in the royal chapel. From the first heartbeat of the unexpected encounter, the beast exudes an aura of unalloyed loyalty vested in Henry alone. Overcome with the sight of the wolf's unconditional surrender into his hands, Henry believes him to be a messenger of God and spares his life.

But... a human heart beats in the wolf's chest. Adhamh the Seventh, the only son of the House of Svar, the Margrave at Zuria Labarra is the second most powerful man after the King of Cerbeden – and a werewolf cast out of his world as a punishment for a fateful failure. The High Immortal who so sentenced him to die as the Devil's Own knew nothing about an uncanny resemblance between the King of England and the King of Cerbeden. Neither does Adhamh. In Henry, he sees his own beloved liege lord, whom he could never harm. The moment of his surrender gives birth to a new unbreakable bond and triggers a chain of inescapable events. **The affection that arises between them faces constant dangers, both seen and unseen.** Constraints placed on them by social norms and Henry's religious beliefs can be overcome, but what if Adhamh is yanked back into his own world one day? This ever-present peril cannot be provided for. **Nor is it the darkest threat lurking close.**

If you love Henry VIII and like a touch of supernatural fantasy in your fiction, avail yourself of this autobiography that stays true to the cultural realities and historical facts of his time, twining them seamlessly with imagination and surprising motivations for well-known events. Through Henry's memories, you can now witness the power of a bond that changed him, and through his deeds the all of England, forever.

Genres: Henry VIII of England: a fictional autobiography with supernatural aspects, gay historical drama, gay werewolf shifter romance
