Clear, practical Clojure for the professional programmer

Professional Clojure is the experienced developer's guide to functional programming using the Clojure language. Designed specifically to meet the needs of professional developers, this book briefly introduces functional programming before skipping directly to the heart of using Clojure in a real-world setting. The discussion details the read—eval—print workflow that enables fast feedback loops, then dives into enterprise-level Clojure development with expert guidance on web services, testing, datomics, performance, and more. Read from beginning to end, this book serves as a clear, direct guide to Clojure programming—but the comprehensive coverage and detail makes it extraordinarily useful as a quick reference for mid-project snags. The author team includes four professional Clojure developers, ensuring professional-level instruction from a highly practical perspective.

Clojure is an open-source programming language maintained and supported by Cognitect., and quickly gaining use across industries at companies like Amazon, Walmart, Facebook, Netflix, and more. This guide provides a concise, yet thorough resource for professional developers needing to quickly put Clojure to work.

- Parse the difference between functional and object-oriented programming
- Understand Clojure performance and capabilities
- Develop reactive web pages using ClojureScript
- Adopt an REPL-driven development workflow

Clojure is a modern dialect of Lisp, designed for concurrency and Java compatibility. It can be used with the Java virtual machine, Microsoft's Common Language Runtime, and JavaScript engines, providing a level of both versatility and functionality that is appealing to more and more enterprise-level developers. As requirements grow increasingly complex, stepping away from imperative programming can dramatically streamline the development workflow. *Professional Clojure* provides the expert instruction that gets professionals up to speed and back to work quickly.

From reader reviews:

Carol Castaneda:

People live in this new moment of lifestyle always make an effort to and must have the extra time or they will get lots of stress from both daily life and work. So , whenever we ask do people have spare time, we will say absolutely sure. People is human not really a robot. Then we ask again, what kind of activity are you experiencing when the spare time coming to an individual of course your answer will certainly unlimited right. Then do you ever try this one, reading books. It can be your alternative throughout spending your spare time, the particular book you have read is usually Professional Clojure.

Christa Nisbet:

Your reading sixth sense will not betray anyone, why because this Professional Clojure e-book written by well-known writer who knows well how to make book which can be understand by anyone who read the book. Written in good manner for you, leaking every ideas and creating skill only for eliminate your personal hunger then you still hesitation Professional Clojure as good book not just by the cover but also by content. This is one reserve that can break don't determine book by its protect, so do you still needing one more sixth sense to pick this!? Oh come on your reading through sixth sense already told you so why you have to listening to yet another sixth sense.

Chris Wolf:

Are you kind of stressful person, only have 10 or 15 minute in your moment to upgrading your mind proficiency or thinking skill perhaps analytical thinking? Then you are experiencing problem with the book than can satisfy your short space of time to read it because all this time you only find guide that need more time to be learn. Professional Clojure can be your answer mainly because it can be read by a person who have those short time problems.

Stephen Redmond:

You could spend your free time to read this book this publication. This Professional Clojure is simple to deliver you can read it in the area, in the beach, train as well as soon. If you did not have got much space to bring often the printed book, you can buy often the e-book. It is make you simpler to read it. You can save often the book in your smart phone. Thus there are a lot of benefits that you will get when one buys this book.
