SURVEY THE HEIGHTS AND DEPTHS OF MYSTERIOUS MOUNT SHASTA AS YOU READ THE BOOK THAT ALTERED SHIRLEY MACLAINE'S LIFE AND CHARTED THE SPIRITUAL PATHS OF THOUSANDS OF DEVOTED BELIEVERS OVER THE COURSE OF A CENTURY

A DWELLER ON TWO PLANETS CHANNELED BY PHYLOS REMAINS AT THE HEART OF THE NEW AGE MOVEMENT

Now read our UPDATED NEW EDITION – Edited And Grammatically Revised For Easier Comprehension For The Modern Reader By Sean Casteel With New Material Added By Nick Redfern, Timothy Green Beckley And Paul Dale Roberts.

The original DWELLER ON TWO PLANETS is said to be one of the most important texts of the 19th Century. For over a hundred years it has been passed around among those seeking the true Spiritual Path to life. Many have said it has impacted them greatly. Actress Shirley MacLaine had little interest in the occult when she went browsing in a Hong King bookstore only to have this work literally fall into her hands. It led to many changes in her life and a metaphysical best seller of her own, *Out On A Limb*.

Young author/channel Frederick S. Oliver spins a tale so compelling and so spiritually uplifting that it is doubtful that it was written by him alone as a human being. The reader will immediately see that this book contains such a wealth of detail about Atlantis and the spiritual realms that it could not be conjured from the imagination of an eighteen year old while working as a simple fencer mender for his father who raised cattle near their home along the base of the mysterious and legendary Mount Shasta in Northern California.

Oliver foreshadows much of what would come after him, like the feminist movement of the 20th Century, the coming of UFOs with their external multicolored revolving lights and the interiors of the craft lit by some unseen source, details verified repeatedly by modern day alien abductees and UFO contactees. In fact, many of the illustrations in this book of cigar-shaped craft look remarkably similar to the ships said to have been photographed by George Adamski and others many decades later. Oliver, while in the channeling state, of an Atlantian and ancient Tibetan soul also predicts television, and cell phones in a time that predated even rudimentary radio.

Says Sean Casteel who updated this major work into modern grammar and phraseology: "The moral dynamics of the story will hold you spellbound, as the sins of one man's incarnation in Atlantis are repaid in his life as a gold miner in the American West. The story of the latter's initiation into a deeply secret gathering of spiritual adepts and how it leads to adventures in other dimension will open your eyes to mysteries you never knew existed. . .This book is truly a message from the other side, and contains within it countless solutions to the many enigmas we contemplate today, and will restore your faith in the coming of a New Age promised land."

In addition to the "modernized text" you will join researcher Nick Redfern, Tim Beckley and Paul Dale Roberts as they reveal the many mystical secrets of Mount Shasta, a widely regarded transformational vortex. Learn of inner earth entrances, Count Saint Germain the man who lives forever, the existence of Bigfoot on Mount Shasta, as well as ghostly stories that will captivate you.

The book is fully illustrated and graphically designed by “Adman” William Kern. Printed in large format, it will captivate and entice the reader and provoke much thought.
