An easily understood guide to past-life regression therapy, with full explanatory clinical notes. This is the fascinating story of two women a century apart, one a client regressed into the past by the author and the other, her past-life alter ego, a 19th century psychic investigator. It is one of those rare books which successfully appeal on many levels, first as a textbook by a world-renowned authority, and second as an introduction for those wishing to know more about spiritualism, life after death, seances, mediums, clairvoyance, and other psychic phenomena.
