Chemical Word Scrambles Anyone Can Do (Medium): Verbal Puzzles Using Symbols From Chemistry's Periodic Table

Chris McMullen, Carolyn Kivett

Chemical word scrambles are an exciting new form of word puzzles. You don't need to know any chemistry! These chemical word scrambles will appeal to all word puzzle lovers, whether or not they also enjoy science. Each word is composed of symbols from the periodic table, instead of letters; but you don't need to be familiar with the periodic table to solve the word scrambles. Here is an example: The words BRaIn PoWEr are composed of the following symbols for chemical elements: B for boron, Ra for radium, In for indium, Po for polonium, W for tungsten, and Er for erbium. In chemical word scrambles, the words have been scrambled by rearranging the symbols – not the letters. Symbols that have two letters – like He for helium and Nd for neodymium – can't be split or have their letters reordered. This creates a significant distinction between ordinary word scrambles and chemical word scrambles. For example, the symbols Er, V, S, and Es may be combined to form the word SErVEs, but not the word SEVErs because symbols would have to be split to form SEVErs. One neat difference between ordinary word scrambles and chemical word scrambles is that chemical word scrambles allow us to make use of a vocabulary of longer words without effectively increasing the difficulty of the puzzle. For example, the word VErbAl is a 6-letter word, but only a 4-symbol word. When trying to rearrange the symbols Al, Er, B, and V to form the word VErbAl, there are fewer permutations to consider compared to rearranging the 6 letters A, l, e, r, b, and v to form the word verbal. We saw this as an excellent opportunity to make word scramble puzzles that involve a vocabulary of longer words. The level of difficulty of this Chemical Word Scrambles puzzle book is MEDIUM. This book involves words that mostly have 5 to 6 symbols, and therefore 5 to 12 letters; all of the challenge words of this MEDIUM book have 6 symbols. (There is also an EASY book with 4 to 5 symbol words, and a HARD book with 7 to 9 symbols. Puzzlers who can solve harder word scrambles may want to begin with the EASY volume to get the hang of unscrambling words in terms of chemical symbols before moving onto MEDIUM or HARD.) Each puzzle features a challenge word made by rearranging the first symbol of each word. A unique feature of this book is that there is a Hints section at the back separate from the Answers section, for puzzlers who may be stuck and want to check just the first letter of the solution.

From reader reviews:

Rosalva Nichols:

Within other case, little persons like to read book Chemical Word Scrambles Anyone Can Do (Medium): Verbal Puzzles Using Symbols From Chemistry's Periodic Table. You can choose the best book if you'd prefer reading a book. So long as we know about how is important a book Chemical Word Scrambles Anyone Can Do (Medium): Verbal Puzzles Using Symbols From Chemistry's Periodic Table. You can add understanding and of course you can around the world by a book. Absolutely right, since from book you can recognize everything! From your country right up until foreign or abroad you will end up known. About simple factor until wonderful thing you are able to know that. In this era, we can easily open a book or perhaps searching by internet system. It is called e-book. You should use it when you feel bored stiff to go to the library. Let's go through.

Thomas Baxter:

In this 21st hundred years, people become competitive in each and every way. By being competitive at this point, people have do something to make these individuals survives, being in the middle of the crowded place and notice by means of surrounding. One thing that sometimes many people have underestimated the idea for a while is reading. Yes, by reading a book your ability to survive enhance then having chance to stand up than other is high. To suit your needs who want to start reading the book, we give you this particular Chemical Word Scrambles Anyone Can Do (Medium): Verbal Puzzles Using Symbols From Chemistry's Periodic Table book as beginning and daily reading e-book. Why, because this book is usually more than just a book.

William Vong:

A lot of people always spent their particular free time to vacation or maybe go to the outside with them family members or their friend. Do you realize? Many a lot of people spent they will free time just watching TV, or maybe playing video games all day long. If you need to try to find a new activity here is look different you can read the book. It is really fun for you. If you enjoy the book which you read you can spent 24 hours a day to reading a guide. The book Chemical Word Scrambles Anyone Can Do (Medium): Verbal Puzzles Using Symbols From Chemistry's Periodic Table it doesn't matter what good to read. There are a lot of people that recommended this book. These folks were enjoying reading this book. When you did not have enough space to create this book you can buy the actual e-book. You can m0ore effortlessly to read this book from the smart phone. The price is not to fund but this book provides high quality.

Jeffrey Channell:

Reading a book to become new life style in this 12 months; every people loves to examine a book. When you study a book you can get a great deal of benefit. When you read books, you can improve your knowledge, because book has a lot of information into it. The information that you will get depend on what types of book

that you have read. In order to get information about your examine, you can read education books, but if you act like you want to entertain yourself you are able to a fiction books, these kinds of us novel, comics, along with soon. The Chemical Word Scrambles Anyone Can Do (Medium): Verbal Puzzles Using Symbols From Chemistry's Periodic Table offer you a new experience in reading through a book.
