It is true that one can be born with a talent for drawing, but if you haven't been brought up in this world with one, doesn't mean you will never be able to create a masterpiece of your own. Then why aren't we all Picasos?

Drawing is more a skill than it is a talent. A skill that one has to commit to practicing in order to master it, and the truth is, not everyone is willing to make the sacrifice. Most people will drop the pencil after a couple of failed attempts of creating a work of art. So before I start revealing what this guide plots, I ask of you only one thing – endure this challenging task and I promise you will be able to create a 'magnus opus' in no time. What differentiates this book from the other drawing guides is the fact that it is simplified, extremely understandable and free of the hard-to-follow technical content. From what you should start drawing, what pencil to use, to teaching you the basics of drawing, sketching and doodling, this guide will easily turn beginners into professionals.

Covering even the tiniest details of how to make a complete drawing, I hope that this book will inspire many to board on this journey of pursuing art.

Here Is The Overview Of The Lessons You Will Learn

- How To Get Started With Drawing
- Gathering Equipment
- Learning the Basics about Line, Shapes, Shadows, and etc.
- Different drawing perspectives
- How to Practice Sketching the correct way
- The Composition of a Drawing
- The Art of Doodling

- And Much More..

Take charge and learn how to draw like a pro!
