Mitch is a Time Walker about to make his jump from one assignment to the next. The only problem is that the entire infiniteverse is falling apart due to the unscrupulous machinations of the yellow ochre trenchies and their nefarious leader, Dr. Hodge. Mitch must overcome not only the trenchies but also the dysfunctional bureaucracy of his own organization as he is on the run from Idaho to Oregon to San Francisco to the Brooks Range in Alaska. His memory of past assignments in various points of history comfort him and challenge him to complete his mission. His success depends on his commitment to the Time Walker's most sacred credo: Be yourself.
