Women today are tired of the culture and media telling them how they should think and feel. Women don't want to be enslaved, patronized, labeled, or invaded. What women really want is to be empowered to make a difference. Women really want freedom of religion, a strong family, a man who stands for something, a voice, the freedom to protect herself, prosperity, and choices. Women really want to do the right thing – for themselves, for their families, and for their country.

Female powerhouses Anne-Marie Murrell, Morgan Brittany, and Dr. Gina Loudon sound the clarion call for conservative women across America to reclaim the power of the grassroots activist by fundamentally transforming their lives and work in bold ways. *What Women Really Want* reveals the political conversions of these three intelligent and dynamic conservative women. Shedding light on the victories and pitfalls, the insights and shortcomings of a party in disarray, Murrell, Brittany, and Loudon inspire today's women to fight to reclaim the greatness of this country as outlined so powerfully in the Declaration of Independence, so profoundly in the Bill of Rights, and so simply by Abraham Lincoln in the Gettysburg Address!

*What Women Really Want* is a call to women across this great land to wake up! and take a stand against the cultural forces that are fighting tooth and nail to destroy their spirit and their families. Time is short and the call is great. Discover your hidden passion and find out what women really want.
