This short book focuses on reasons why human cryopreservation and cryonics is ultimately desirable. This is done by examining specific reasons why utilizing cryonics may be beneficial, and also by examining potential objections to utilizing cryonics and why these are ultimately likely unfounded. Whether or not to try and utilize cryopreservation is ultimately a personal choice and this book attempts to help provide a way of making a more informed personal decision. This short book is an attempt to help individuals realize why utilizing cryonics is ultimately desirable. These are reasons to utilize cryonics. Cryonics is a metaphorical ambulance to the future. Cryonics may be a way to meet back up with future generations of family. I am writing this for those who are interested in cryonics or might become interested in cryonics. I want to empower you so you can make more informed decisions about cryonics, and how to communicate it to others.
