Euripides: The Complete Plays Volume III

Euripides: The Complete Plays Volume III

Athens of the fifth century B.C.E. represents one of the towering achievements of civilization. It is the crucible in which Western Civilization was given form. It created democracy: rule by the people. Of the three supreme tragedians of Classical Athens; Aeschylus, Sophokles and Euripides, Euripides (480's-406 B.C.E.) is the most modern. His people are no longer the heroes of Aeschylus, inspired by Homer and the Heroic world of war and warriors. Nor are they the more humanistic characters of Sophokles, who created men and women of grand moral integrity. Rather, Euripides' people are psychologically drawn, they are frequently petty, conniving, and conflicted. In other words, they are like us.

The plays included are: TROJAN WOMEN IPHIGENEIA IN TAURIS ION HELEN CYCLOPS
