Excerpt from Shamrock and Thistle: Or, Young America in Ireland and Scotland; A Story of Travel and Adventure

Shamrock and Thistle, the second of the "Young America Abroad" series, contains the history of the Academy Ship, and the students who sailed in her on the coasts of Ireland and Scotland, with their excursions into the interior. Whatever the volume contains of a descriptive character was derived from the note-book of the author, written in the midst of the scenes it describes, and from an extensive collection of works gathered in England and the United States. But the book hardly aspires to the dignity of a history, or even of a book of travels, though the writer has been careful correctly to set down all that would be presumed to lie within the limit of fact.

As a story, the volume contains, besides a variety of minor incidents, the history of certain runaways, who, disaffected under the salutary discipline of the ship, deserted from her, and travelled in strange lands under their own guidance, and on their own resources; but only to be captured, returned, and punished for their transgressions.
