At 20 years old, **beautifully curvy** Alexis was pretty happy with her life. She was living in Antigua, soaking in the sun as a manager of an island resort. Of course, no one at work knew that the **alpha billionaire mogul** that owned the resort chain was actually her stepbrother – but she hadn't seen him in years anyway.

Until one day he suddenly appears, riding an edict that has the entire resort staff up in arms and forcing Alexis to take it upon herself to get to the bottom of it and confront him.

But when she arrives at his penthouse suite, her handsome stepbrother shocks her with a revelation that leaves her quivering with **forbidden desire**. The entire thing had been a ruse, designed for a signal goal – one that would be delivered **hard, fast and without protection!**
