Bringing Art into the Elementary Classroom Joan B. Koster

This text shows prospective teachers practical ways to create classroom environments in which children become artists as they also become readers and writers. Based on the mind-expanding work of Howard Gardner and other teacher-researchers on the relationship between art and literacy, this book emphasizes the integration of all the arts into the elementary curriculum. It also addresses the immediate need of pre-service teachers for clear practical advice on how to set up effective art programs.
