Neville Goddard

Neville Goddard: Freedom for All Neville Goddard

Neville Goddard (Born February, 15, 1905 in Barbados) was known as one of the most influential teachers in the New Thought movement for many years. He gave hundreds of lectures all over the United States and even had his own TV show in Los Angeles in the 50's! His philosophy states that we create our reality by our thoughts or by the human imagination. "Chance or accident is not responsible for the things that happen to you, nor is predestined fate the author of your fortune or misfortune. Your subconscious impressions determine the conditions of your world. The subconscious is not selective; it is impersonal and no respecter of persons. The subconscious is not concerned with the truth or falsity of your feeling. It always accepts as true that which you feel to be true. Feeling is the assent of the subconscious to the truth of that which is declared to be true. Because of this quality of the subconscious there is nothing impossible to man. Whatever the mind of man can conceive and feel as true, the subconscious can and must objectify. Your feelings create the pattern from which your world is fashioned, and a change of feeling is a change of pattern."
