The Twelve Attunements Cassandra Sturdy

When young journalist Sophie Archer discovers that a secret group of global elites is trying to control the world, she sets out to inform the public. But the conspiracy is bigger than she suspects, and she is launched on a cosmic journey with two bizarre friends.

As she encounters UFOs, higher-vibrational beings, inter-dimensional aliens, and an all-encompassing awareness, she learns that humanity is only a fraction of a vast, universal society. She becomes part of a collective of beings who have chosen to help take power back from the global elites and transform the world.

Mind-expanding, hilarious, and suspiciously similar to real-life, *The Twelve Attunements* will introduce you to ideas about metaphysics, consciousness, and spiritual awakening in entertaining and easy-to-understand ways. As you follow the colourful characters on their conspiracy-fuelled quest, you will also be subtly guided along your own journey of transformation.
