A Short History of Africa

Roland Oliver, J. D. Fage

A Short History of Africa Roland Oliver, J. D. Fage

Dramatic alterations in political power have corrected the once prevalent vision of a European-centered world. While the centers of European culture flourished, decayed and sprouted in turn, empires in Africa rose, ruled, resisted, and succumbed. Much of Africa's past has now been excavated from ignorance and error, revealing a rich and previously little-known human heritage.

This classic work draws on the whole range of literature about Africa as well as evidence provided by archaeology, oral traditions, language relationships, and social institutions. It marshals the most authoritative views of African specialists into an absorbing narrative and puts forward original conclusions that take the study of Africa a stage further.
