THINGS ARE NOT AS THEY SEEM: More than ever before, a tension is building that things are not really as they seem anymore. Everyone you talk to feels it. Political, economic and religious events of a grand scale appear to be occurring all around us that do not appear to target our common good as a collective people. Many of these events are apparently happening behind the scenes and are not publicly reported in the news. And what is reported in the news often appears to be filtered in many respects. What is really going on? Backfield in Motion answers that question by deeply exploring Revelation 13, visually assembling the current events around us like a global jigsaw puzzle that explains where and why they are interrelated, how they point to the last days of time before the Second Coming of Jesus Christ and how they all fit together for Gods purpose in your life.
