Maxfield Parrish: The Landscapes

Alma Gilbert

Maxfield Parrish: The Landscapes Alma Gilbert

Maxfield Parrish (1870–1966) remains one of America’s most beloved artists, widely known for his incredibly detailed and lavish works. His landscapes are perhaps the least well known of his masterpieces, although they were the closest to his heart. Indeed, in his later years, Parrish dedicated himself almost entirely to landscape scenes, sometimes reworking earlier pieces to remove human figures.

In this witty and illuminating book, Parrish expert Alma Gilbert argues persuasively that Parrish’s better-known illustration career was a thirty-five-year detour on his path to achieving his true goal, a dedication to reproducing nature in all its splendor. The 50-plus color plates in this book show how masterfully he achieved that goal, while the text provides fascinating insight into the stories behind these glorious images. Also featured are lovely photos of Parrish’s estate, The Oaks, where he found refuge and inspiration, shots of the artist and his family, and hitherto unpublished correspondence. Together, these elements help sketch in the context surrounding this remarkable man and his extraordinary art. A feast for the senses, this is truly a book for any art lover, whether familiar with Parrish’s marvelous landscapes, or on the brink of a wonderful discovery.
