Someday May Never Come

Brenda Stinnett

Someday May Never Come Brenda Stinnett

A psychological thriller reminiscent of *Shutter Island* and *Silence of the Lambs*, *Someday May Never Come* tells the story of college student Anna Howard on her quest to discover a convicted murderer's darkest secrets before he is executed.

Anna is intrigued that the prisoner maintains his innocence, and she begins to listen as he weaves a story of jealousy, lies, and obsession. She soon gets sucked into the story of murdered mother and daughter, Gina and Kimberley Kraft, and the women who discovered their bodies, Meagan and Fiona Quinn.

As Anna becomes more obsessed with the story and what it might mean, execution day approaches. She's increasingly confused by the prisoner's claims of innocence and fixated on revealing what's true and what's not.

In the end, Anna learns that justice can be served in more ways than she ever realized—and that truth can come from more than one voice.
