Rebecca thought she would be satisfied with a one-time-only spanking from Don but it instead created a hunger for more while also making her otherwise perfect life better. She now needs to be spanked on a regular basis. Don may be willing to help, but there are certain conditions that must be met first. Experience the evolution of Rebecca as she awakens to the pleasures of discovering that she is a natural submissive and transforms into Becky in hopes of becoming Don's age play spankee. Will he accept her? The Spankee series of short stories follows the erotic adventures of Rebecca as she evolves from curious housewife into a submissive under the guidance of Don. The reader will experience how Don establishes the requisite trust to take Rebecca from one level to the next while she believes he is doing it at her request. The care he takes and the attention he gives her every time he takes her to a new threshold enables her to expand her limits, and upon the discovery of her natural submissive nature Rebecca realizes her desires are actually needs. While these are very much adult stories with quite explicit detail, none of it is out of context with the stages of Rebecca's development and the reader will understand precisely what leads up them and how Rebecca is so willing to engage in activities that she would have previously considered unthinkable.
