Critical Race Theory in Education: All God's Children Got a Song

Critical Race Theory in Education: All God's Children Got a Song

Appropriate for both students curious about Critical Race Theory (CRT) and established scholars, *Critical Race Theory in Education* is a valuable guide to how this theoretical lens can help better understand and seek solutions to educational inequity. While CRT has been established as a vital theoretical framework for understanding the ways race-neutral policies and laws sustain and promote racial inequity, questions around how to engage and use CRT remain. This second edition of *Critical Race Theory in Education* evaluates the role of CRT in the field of higher education, answering important questions about how we should understand and account for racial disparities in our school systems. Parts I and II trace the roots of CRT from the legal scholarship in which it originated to the educational discourse in which it now resides. A much-anticipated Part III examines contemporary issues in racial discourse and offers all-important practical methods for adopting CRT in the classroom.
